Project name Project description in a nutshell (this is the same as what you have entered into Consul)

1.Technical feasibility What is your overall approach going to be for getting the skills and expertise you need, and deploying these towards the restoration of river woodlands?
[200 words max]
2.Commercial potential Have you started thinking about the benefits your project will deliver and who the potential beneficiaries would be? We would be interested to hear about any early thinking you've done about the benefits (such as natural flood management) and which of these could have a monetary value to any of the beneficiaries. This is the starting point
for building a business model. [200 words max]
[200 Words max]
3.Engagement with community What kind of engagement or plans to engage do you have with communities that will benefit or be affected by your
project? [200 words max]
4.Partnership potential
What kind of organisations are you planning to team up with to get your project underway? [200 words max]

5.Level of public and environmental benefit To what extent is your project going to be about creating wider public or environmental benefit? [200 words max]
6. Right intervention in the right place What steps are you planning to take to make sure your intervention is ecologically suitable for the location? [200 words max]
7. Additionality to statutory responsibilities To what extent is this initiative going to deliver beyond what you would be expected to be delivering anyway? (For public agencies) [200 words max]

Part 3 - uploading this form to CONSUL

- 1.Save your form in PDF
- 2.Label your form ct name date>
- 3.Upload your labelled PDF to CONSUL platform
- 4. Check the platform regularly for questions people may have about your project proposal
- 5. Keep an eye out for updates from us along the way
